3.16. Which combinations of attributes have to be unique for each individual SECTION entity in the UNIVERSITY database shown in Figure 3.20 to enforce each of the following miniworld constraints:

a. During a particular semester and year, only one section can use a particular classroom at a particular DaysTime value.

b. During a particular semester and year, an instructor can teach only one section at a particular DaysTime value.

c. During a particular semester and year, the section numbers for sections offered for the same course must all be different.

Can you think of any other similar constraints?
